- New Year's Day (Jan. 1)
- Martin Luther King's Birthday (Jan. 15)
- Chinese New Year (Feb. 11)
- Other:

## 1993 Summary

I spent 1993 focused on my prelim exam, the last step before writing my dissertation. It took me longer than expected to get there - I finally took and passed the exam on December 15. Along the way, however, I did see my first first-author publication. I'm hoping to complete the rest of my research and dissertation within 1 to 2 years, the sooner the better!

Roy has been doing well lately, though it took much of the year (and visits from the vet, chiropractor, and muscle therapist) to get him back into shape. He wasn't up for showing for most of the year, but we did get dressed up and go to a few medieval re-enactments, where he was quite a hit.

My address remains the same, please write!  
1220 Drake Street  
Madison, WI 53715-1630

# Happy Holidays!
